

Bhartiya Ayurvedic Medical College

Approved By CCIM & Ministry of Ayush, Govt. of India
Affiliated to MJPR University, Bareilly

Our Vision with a Mission

सर्वे भवन्तु सुखिनः सर्वे सन्तु निरामयाः।
सर्वे भद्राणि पश्यन्तु मा कश्चिद् दुःखः भाग्भवेत्॥

May everybody be happy, may everybody be free from diseases,
May every one of us, see to it, that nobody suffers from any pain or sorrow.

To prepare compassionate, professionally competent and ethically sound physicians through excellence in education, training and research for providing promotive, preventive, curative and rehabilitative healthcare services of the highest standard with special concern for the differently abled, disadvantaged and the undeserved.

CHAIRMAN MESSAGE

Dr. Dinesh Kumar
Chairman

Dear friends,

It gives me great pride to welcome you to Bhartiya Ayurvedic Medical College as you embark on the most crucial part of your education as well as Ayurveda that will shape the rest of your lives.

The Bhartiya Ayurvedic Medical College is established to groom students to become self-reliant professionals in the field of ayurveda who would become constructive citizens of the societies, they live in. It was driven by my desire to create such kind of system for education where students will neither be deprived nor categorised on the basis of their economic status, family conditions or urban/rural background.

In recent few years, NCR has become the most sought after destination for education and has become an educational hub for Ayurveda, it is significant in various ways as this place is enriched with enormous varieties of medicinal plants (Herbs, Shrubs, Grass etc.) and the knowledge of medicinal plants is the backbone for the practical aspect of Ayurveda. Our institute has an excellent situation and environment for the studies and development of personality in the growing years of life.

Our mission has always been to provide not just world class education, aided by the best of faculty, but an environment that fosters holistic development with emphasis on character building. I assure you that we will leave no stone unturned in our quest to make Bhartiya Ayurvedic Medical College the best Ayurvedic Medical College all over India and I hope that you make the best use of our resources to get a globally relevant education that prepares you not only for today's world, but for the challenges of tomorrow.

Wishing you the very best.

BHARTIYA AYURVEDIC MEDICAL COLLEGE

The Bhartiya Ayurvedic Medical College is situated in the vicinity of Holy Ganga River in Gajraula. The Bhartiya Ayurvedic Medical College campus can be easily approached by road and railway network as it is situated on NH-24.

Bhartiya Ayurvedic Medical College is established under the aegis of IMS Group of Institutions. The Group was established with the objective to provide education, research and training to aspiring youth of the country in order to increase their employability. The other objectives of the Group are to establish orphanage, clinics, old age homes and charitable hospitals etc.

Bhartiya Ayurvedic Medical College is founded with thoughts and belief that there is still a requirement of enhancement in the field of medical education.

The Bhartiya Ayurvedic Medical College offers BAMS Programme affiliated to MJPR University, Bareilly and recognised by CCIM and Ministry of AYUSH, Govt. of India, New Delhi.

BACHELOR OF AYURVEDIC MEDICINE AND SURGERY (BAMS)

College of Ayurvedia offers affordable yet comprehensive Ayurvedia courses. Bachelor of Ayurvedic Medicine & Surgery is a graduate degree. B.A.M.S. is the shortened form of Bachelor of Ayurvedic Medicine & Surgery. The Central Council of Indian Medicine observes Indian Ayurvedic Education. CCIM is a statutory Central Government Body. Once an aspirant completes the B.A.M.S. program from a recognized college will be known as 'Doctor'.

The syllabus of this course is based on integrated topics of modern (Allopathic) medicine and traditional Ayurveda. In India BAMS doctors have permission to do practice in allopathic medicine also. Those who have a strong belief in Indian traditional Ayurvedic system and want to know more about it can study further for PG Degree.

The practical tenets of Ayurveda are divided into eight sections or branches. These sections include the following:

1. Panchakarma
2. Swasthayaarakshan
3. Kayachikitsa
4. Shalya Tantra
5. Prasooti and Stri Rog
6. Bal Rog
7. Shalaky Tantra
8. Samihita Sanskrit and Sidhanta

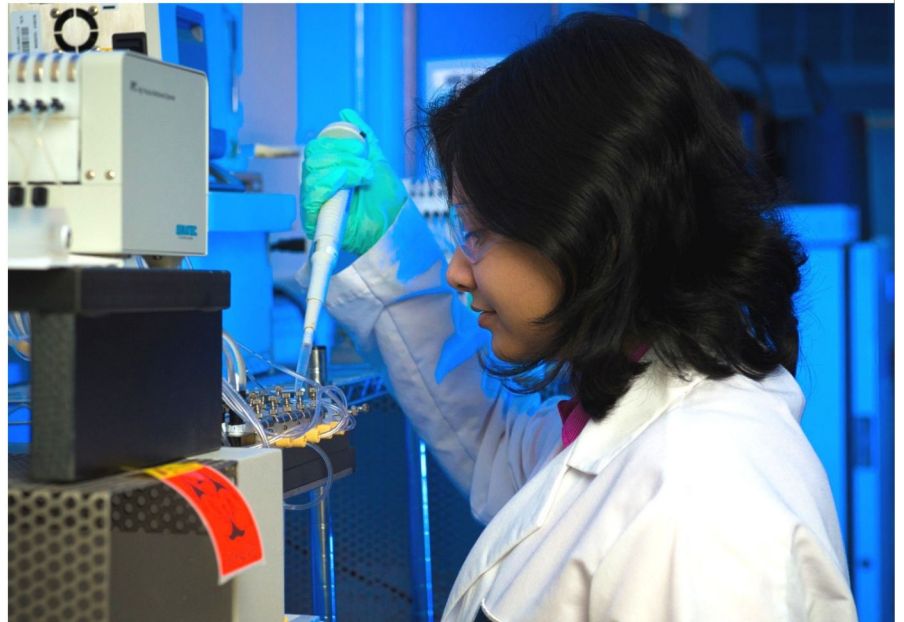

COURSE CURRICULUM

Bachelor of Ayurvedic Medicine and Surgery (B.A.M.S.) is undergraduate degree awarded after the study of five and a half years duration, including 1-year internship.

Admission Eligibility : Any Male or Female, 10+2 (PCB) passed with minimum 50% marks.

A BAMS doctor can work in following domains after completion of the degree.

1. General Practice
2. Research (Clinical research or epidemiological research)
3. Hospital and Healthcare Administration
4. Health Supervisor
5. Ayurveda Consultation
6. Master of Public Health
7. PG Diploma Courses

PANCHKARMA

Panchakarma is an Ayurvedic way of cleaning, rejuvenating the body, mind and consciousness. It is known all over the world for its beneficial effects on health. It is a self healing process. It is a unique contribution of Ayurveda. It is a set of five procedure which eliminates toxic elements from the body.

Panchakarma is a therapeutic process which helps in reversing the negative effects of daily life.

Negative effects include toxins of the body, which in turn weakens the system and make us susceptible to various specific, chronic, degenerative and non specific diseases.

Panchkarma can restore the natural state of health, being and wellness by cleansing the body full of toxic substances. It helps in bringing balance into the system and improving bodily functions like digestive system and all. It helps you to a great deal in sustaining the process by making positive changes in day to day lifestyle.

The Panchakarma application appears quite simple. However, the effects are powerful and effective. It is a unique, natural, holistic, health-giving series of therapeutic treatments that opens the subtle channels and bring life-enhancing energy thereby increasing vitality, well being, confidence and inner peace.

COLLEGE PHARMACY

The College has well equipped pharmacy which manufactures all the medicine to fulfill the requirement of College Hospital.

HERBAL GARDEN

There are 1500 plants of 450 species of medicinal plants presently available in Herbal Garden especially for the purpose of study. A large part of College land is covered by this Herbal Garden.

LECTURE HALL

A lecture hall is a large room used for instruction, unlike a traditional classroom with a capacity about 15 dozen, the capacity of lecture halls is typically measured in the hundreds. Lecture halls have a pitched floor, so that those in the rear are sat higher than those at the front, allowing them to see the lecturer. Bhartiya Ayurvedic College offers courses exclusively centered on their design.

Lecture hall differ from seminar room in that it allow for little versatility in use, although it is on less flexible than for example, chemistry laboratories. Experimentation, group work, and other contemporary educational methods are not practicable in a lecture hall. On the other hand, lecture hall is excellent for focusing the attention of a large group on a single point, either an instructor or an audio-visual presentation, and modern lecture hall often feature audio-visual equipment. A microphone and loudspeakers are common to help the lecturer be heard, and projection screens may be used for large displays. The acoustic property of lecture hall has been the subject of numerous international studies, some even antedating the use of electronic amplification.

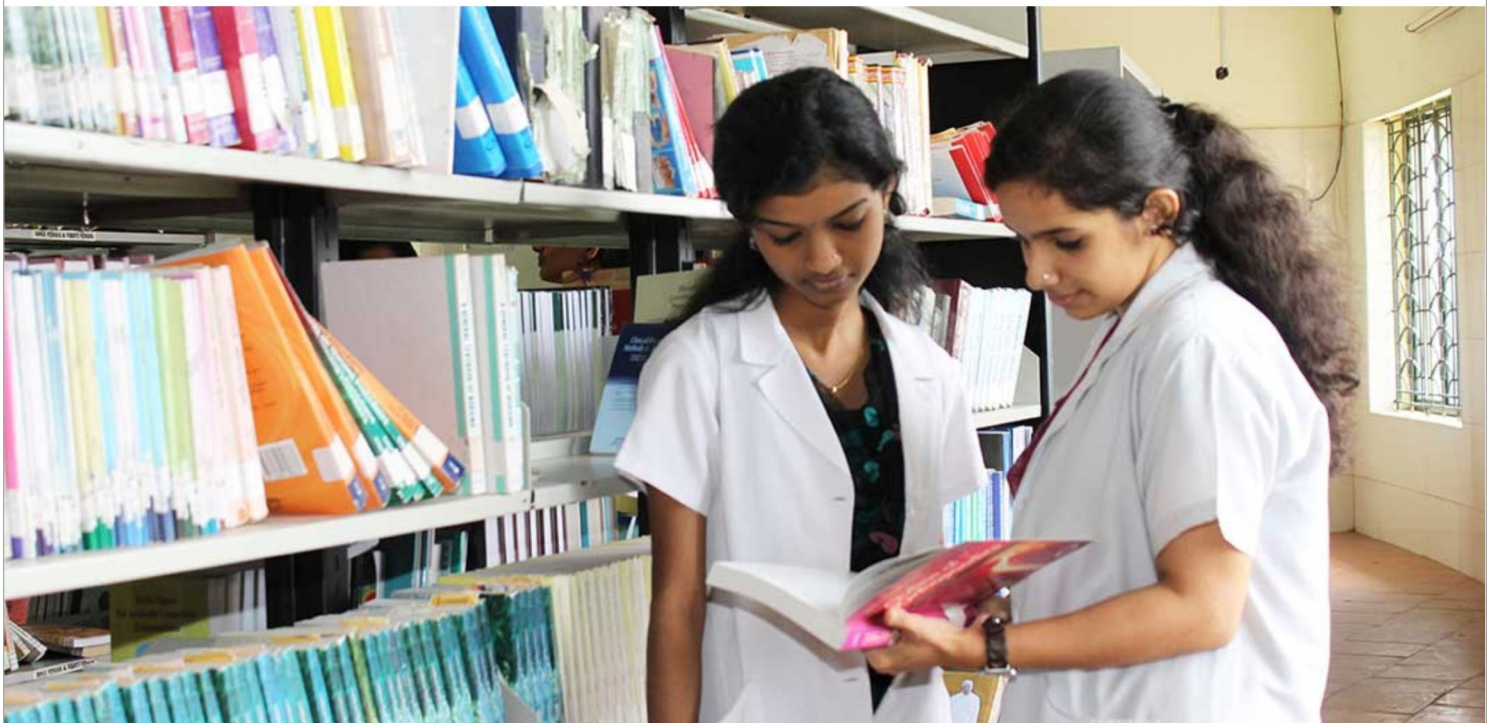

LIBRARY

The main function of the Medical college library is to provide resources and research support for students and faculty of the Medical Course, Specific course-related resources are usually provided by tech library, such as copies of textbooks and article readings held on reserve.

Bhartiya Ayurvedic medical college library offer workshops and courses outside of formal, graded coursework, which are meant to provide students with the tools necessary to succeed in their medical course. These workshops may include help with citations, effective search techniques, journal database, medical. These workshops provide students with skills that can help them achieve success in their health care careers (and often, in their future occupations), which they may not learn inside the classroom.

The academic library provides a quiet study space for students on campus; it may also provide group study space, such as meeting rooms. The library provides a gateway for students and researchers to access various resources, both print/physical and digital. Our institute is subscribing to electronic journals databases, providing research and scholarly writing software, and usually provides computer workstations or computer labs for students to access journals, library search databases and portals, institutional electronic resources, internet access, and course-or task-related software.

HOSTEL

Bhartiya Ayurvedic Medical College has Separate Boys & Girls hostels, located in calm and serene surroundings, provide a conducive natural atmosphere for the students to study, The hostels are located away from each other with separate mess facilities. Utmost care is taken to maintain hygiene during preparation and serving of food by dedicated staff.

FOOD ZONE

A spacious and hygienic canteen at Institute provides fresh snacks items, tea, coffee, juice drinks & daily need items to students & visitors, food is prepared under the direct supervision of the messing committee comprising of management, faculty and student representatives.

TRANSPORT

Bhartiya Ayurvedic Medical College providing transport facilities for students, faculty and staff from all surrounding city, town & villages.

ABOUT THE GROUP

World-class, Vibrant, Hi-tech, Wi-Fi campus along with Holy RiverGanga, with an unending fame due to its high quality of educational facility, if students want all this then surely the search ends at IMS Group of Institutions J.P. Nagar. Supreme emphasis is laid on providing the most modern and sophisticated learning environment coupled with Indian heritage, value system and Sanskars. The guiding principle of the foundation is "Respect the individuality of every child". IMS provides a platform where all students come together and explore the individual and group talents and resources.
